

Life on the Fly...

by Lori-Ann Murphy

Looking forward to the salt! As I travel around from River to River to fish with so many of you this year in the West, I have also shared my fly fishing life in Belize. Campfire time has been spent with fish tales from all around...women sharing their "bucket list" and adventures. Many of you meet on one trip and find each other on another trip in Belize! Our handshake and hugs are always growing as our confidence also grows with each fly fishing experience.

And can anyone come? Yes! We are always learning and there is no better way then to just get out there. I'm preaching now because Belize is on a lot of people's bucket list and guides and lodging are getting booked.

I'm putting together a few private trips - so if you have a group that wants a really fabulous fly fishing trip to San Pedro - contact me.

Meanwhile, please review our opening spaces for our scheduled trips. If you find yourself in San Pedro, please come by our Reel Belize Fly Shop located on Back St. We are open six days a week and Eduardo is there to set people up for world class fly fishing on the flats of Ambergris Caye.

Our Masterclass is arriving today. We have had a light rain to welcome everyone. The Henry's Fork River is flat out beautiful and I'm hoping

this rain helps a few bugs pop! I hope all of you are enjoying your fly fishing summer. We look forward to seeing you soon.

Fish on!
— L-A

This could be YOU with your 2021 RWFFA / Reel Belize Bonefish!

Salt Trips

[Salt SLAM!](#)

[November 13-20, 2021](#)

Single occupancy: \$3295 Double occupancy: \$2995

We still have a few openings. [Contact us!](#)

Planning ahead is essential if you want to fish these trips.

They will sell out soon.

Our Reel Women Green River Trip July 19-22, 2021 Hosted by Trisha Campbell is a wrap!

"Ten women met in Pinedale, Wyoming to fish the famous Green River. Some came with friends, but to be sure, all were friends by the end of this trip.

The Green River is notorious for trophy sized trout. It holds great populations of browns, rainbows and various varieties of cutthroat trout. With around 150 miles of water, it was easy to get away from this hot, low water time and find cold abundant flows.

Dry flies and hunting heads was the game! Most had the thrill of seeing and battling 20 to 24 inch trout.

The smiles were as big as the fish. All fish were well taken care of and returned safely for future anglers. After all, Reel Women have already made plans to return in 2022.

[Make sure you are in the pictures and reserve your spot now!](#)
[See you there!"](#)

— Trisha Campbell, RWFFA Fly Fishing Ambassador.
