

### Life on the fly.....by Lori-Ann Murphy

Big doings here in San Pedro, Belize! It was last March we first hung the sign...and then the world changed. We have a few more hurdles to endure but I see light! Reel Belize is now in operation. And I will tell you that this fly shop has had a life of its own - as very special projects often do. When Tom came in and showed me his flies I immediately decided to partner with him so we could offer the very best flies at a reasonable price. The flies are the kind that you pick up and just have to toss around. It's easy to see why a fish would eat these flies! And with all of this is another partnership that has just sprouted. This 2021 season is the beginning of what I hope to be a long relationship as an Ambassador for Temple Fork Outfitters. I have known many on their team my entire fly fishing career and I also look forward to meeting new friends. Together I feel we can build a fly fishing community that is inclusive to all people. With this, we will be a force to learn, share and protect this sweet old world and all the fishes it brings to us. Big big thanks! L-A

The Green River catch! Thanks Two Rivers Fishing, Company for sharing your video with us. We're looking forward to our time on the water with you.

## **The Green River, Pinedale, Wyoming 2022**

**July 22-26, 2022**

Our 2021 trip filled up in the blink of an eye so we are putting 2022 dates on the books! Join us in Pinedale for dinner on July 22 (2022). We'll get the scoop on the hottest sections of the river from Two Rivers Fishing Company and share our plan for the next three days with you. Three days of large, aggressive trout slamming dry flies. The Green River holds many fish in the 16" – 20" range. Rainbows and Browns over 20" are fairly common and a properly drifted dry fly over these aggressive fighters will put a smile on your face in a hurry. We'll be staying at the Hampton Inn in Pinedale for four nights and departing on July 26. Single Occupancy \$2,499 and Double Occupancy \$2,199

## Covid-19 Test for Flights Home

The Belize Tourism Board has worked hard to ensure everyone's safety. Gold Standards were established early on to ensure those serving the public operated under the safest standards. Today, Belize has established a system for travelers to be tested before boarding flights home. You will be able to arrange for a test at our hotel and receive your results within 30 minutes for a \$75 fee. This is an approved antigen test that is accepted by the US CDC offices and the airlines departing Belize. Call or Whatsapp to schedule or receive answers to any questions! +501-613-TEST

Lori-Ann and Temple Fork Outfitters!

We are excited to announce that Lori-Ann Murphy will be an ambassador for Temple Fork Outfitters in 2021. TFO and Lori-Ann will work together to harness the power of community in our fly fishing world. This great partnership will inspire action around the world - providing conservation and protecting the many beautiful traditions fly fishing offers.

TFO has worked hard to build a brand based on high-end power and performance. Their sophisticated and elegant designs leave anglers with a powerful tool to follow their passion on the water. TFO is concerned about the places we fish, and as a company promotes positive teaching environments that help each of us grow as anglers. All of these values are things Lori-Ann has stood behind and offered in her own companies for years. This is an exciting fit!

*"It's a privilege to work with this remarkable team both on and off the water! TFO is committed to providing the best performance from the equipment we use to land dreams. I'm committed to working with TFO to extend our handshake to women anglers and anglers around the world." L-A*
