

## Long Tall Sally

"Our mission is to ignite women who have a passion for fly-fishing and provide adventures to realize their limitless potential."

### On the Water, We Grow

This summer on Montana's legendary rivers, I've had the joy of fishing with women from all walks of life—some stepping into waders for the first time, others with decades of experience in their cast. We've shared patient moments on slow pools, bursts of laughter when a fish danced on the line, and quiet pride when skills sharpened and confidence bloomed. Each trip ended with new stories to tell, friendships forged, and a deeper connection to the river.

If you've been dreaming of an adventure that blends world-class fly fishing with camaraderie, learning, and the beauty of wild places, now is the time to plan your Reel Women Fly Fishing Adventure. Our 2025 and 2026 destinations are filling fast—from the wild trout waters of Montana to the saltwater flats of Belize, and beyond. Every trip is designed for women of all ages and experience levels, with expert instruction, warm hospitality, and unforgettable days on the water.

Your next chapter on the river is waiting. Let's write it together.
